

## Stadium Koblenz, Germany

Project Period: Jun 2009– Sep 2009  
Capacity: 25.000  
Construction Costs: 30 Mio. €  
Client: TuS Koblenz  
Architect: vision4venue  
Operation Concept: vision4venue

### Project description:

The football stadium was designed to increase the standards for marketing and hospitality for the football club. Therefore a modern multifunctional football stadium was designed to achieve the latest standards according to the national football association as well to increase the revenue on non matchdays. It includes up to 40 VIP boxes and about 1600 sqm business areas with about 2000 business seats.

### vision4venue – Part of the Project:

The team member of vision4venue was responsible for the design and conception process as well as the advisor for operational aspects including business plans and operation and management concepts.
